

30 Minute A Day Learning System: Grade 1 Workbook – School Building License

from: Brighter Minds Media

Operating System: Windows, Macintosh (PDF, works with all computers)
Part Number: 915270-SL
Workbook with CD
Ages: 4-7

Take the guess work out of helping your students succeed in 1st Grade! Students will enjoy the five animal characters illustrating each lesson in the 50 days of activities. Your students will build new knowledge and strengthen existing skills with 396 pages of subject material that gradually becomes more challenging. Get started today!

The School Building License edition is for multi-student classroom use. All activities are available on the CD as a PDF file to print – to use for all students in the classroom. And the activities can be used over and over, class after class, year after year. With the included Workbook to use as a handy reference, the teacher can review the available activities in advance for pre-planning and preparation.

- 50 days of activities designed for pre-school aged children
- 30 minutes of activities each day
- Vibrant full color illustrations
- Fun animal friends including Bogart the turtle and Marco the penguin
- Assessment pages help you determine where your students may need extra help
- Tips included on how to use everyday items and locations to reinforce the day's material
- Certificate of completion to recognize your students' hard work!
- Kids Learn: Single digit addition and subtraction, Math word problems with addition and subtraction, Letter sounds and sequencing, Sentence structure (nouns, verbs, adjectives), Reading for comprehension

iParenting Award Winner! "This is a great learning instrument to help children entering the first grade to master certain subjects such as alphabetizing, counting, reading and writing. It's a great educational product." *iParenting Media Award's Reviewer*

System Requirements: Windows, Macintosh, Linux: any computer capable of viewing & printing PDF files.
