

30 Minute A Day Learning System: Kindergarten Workbook – School Building License

from: Brighter Minds Media

Operating System: Windows, Macintosh (PDF, works with all computers)
Part Number: 915263-SL
Workbook with CD
Ages: 4-7

Help your kids have fun learning and getting ready for Kindergarten! With 396 pages of subject material that gradually become more challenging, children have no trouble maintaining existing skills and building new knowledge. Five lovable characters show the way through 50 days of activities, helping your child focus on the tasks at hand while having fun!

The School Building License edition is for multi-student classroom use. All activities are available on the CD as a PDF file to print – to use for all students in the classroom. And the activities can be used over and over, class after class, year after year. With the included Workbook to use as a handy reference, the teacher can review the available activities in advance for pre-planning and preparation.

- 50 days of activities designed for pre-school aged children
- 30 minutes of activities each day
- Vibrant full color illustrations
- Fun animal friends including Rosa the Cat and Sam the Dog
- Assessment pages help you determine where your students may need extra help
- Tips included on how to use everyday items and locations to reinforce the day's material
- Certificate of completion to recognize your students' hard work!
- Kids Learn: Writing letters and numbers, Coin identification, Rhyming words and poetry, Number sequencing and counting by twos, Identifying time

iParenting Award Winner! "It is a wonderful book to help your child begin their road toward becoming a little student. The point is to spend a set period of time everyday which builds a routine and helps educate children at a specific pace which is achievable." *iParenting Media Award's Reviewer*

System Requirements: Windows, Macintosh, Linux: any computer capable of viewing & printing PDF files.
