

# 30 Minute A Day Learning System: Preschool Workbook – School Building License

from: Brighter Minds Media

Operating System: Windows, Macintosh (PDF, works with all computers)  
Part Number: 915256-SL  
Workbook with CD  
Ages: 3-7

Take the guess work out of helping your students succeed in Preschool! Students will enjoy the five animal characters illustrating each lesson in the 50 days of activities. Your students will build new knowledge and strengthen existing skills with 396 pages of subject material that gradually becomes more challenging. Get started today!

The School Building License edition is for multi-student classroom use. All activities are available on the CD as a PDF file to print – to use for all students in the classroom. And the activities can be used over and over, class after class, year after year. With the included Workbook to use as a handy reference, the teacher can review the available activities in advance for pre-planning and preparation.

- 50 days of activities designed for pre-school aged children
- 30 minutes of activities each day
- Vibrant full color illustrations
- Fun animal friends, including Quincy the Duck and Paige the Pig
- Assessment pages help you determine where your students may need extra help
- Tips included on how to use everyday items and locations to reinforce the day's material
- Certificate of completion to recognize your students' hard work!

iParenting Award Winner! "In my opinion the positive aspects of the book were that it gave the parents some help on how to reinforce concepts that were being taught at preschool. My daughter learns a lot at school but it was great to have a way for me to work with her at night and see what she is learning." *iParenting Media Award's Reviewer*

**System Requirements:** Windows, Macintosh, Linux: any computer capable of viewing & printing PDF files.
