

Numbers Up! Volcanic Panic v.1

Overview

Grades Pre-K - 8

Multiplayer: 1-4 players per game

You and your party have just crash landed on a volcanic island, only to discover that the volcano is active and about to erupt. The race is on to reach the one and only Escape Pod that will take one passenger off the island before the volcano erupts. Discover the best route, use the right gadgets and answer all the math challenges to be the one to ride away to safety!

Numbers Up! Volcanic Panic is all about learning, practicing and using number facts in a challenging, strategic board game environment that covers numeration, addition, subtraction, multiplication, division, fractions, decimals & percentage, ratios and more.

Like any great board game, *Numbers Up! Volcanic Panic* allows for multiple players so children of all ages can join in the fun. The difference with *Volcanic Panic* is that everyone plays at their own level. With a library of over 7,500 NCTM-aligned questions across 26 levels, each player will face math challenges that will challenge and stimulate them.
