### Overview

Grades Pre K — 8      Multiplayer: 1-4 players per game

You're a street-smart Slug Buster on the trail of the devious, slippery Super Slugs. But there's one small problem... they can make themselves invisible!

Like the classic game of Battleship, players search the board to uncover hidden Super Slugs. Stay a step ahead of the other Slug Busters as you look to snag the most Super Slugs.

As you search the streets, uncover potential hiding places by completing word skill challenges that test your vocabulary, grammar, spelling and punctuation. With your wily word skills, a few useful gadgets and a bit of luck you'll beat out the other Slug Busters to become the number one Slug Buster!
